HEMPFIELD AREA JOINT SCHOOL COMMITTEE

CLASS LETTER

As the school year draws to a close, we look back on many memories of the past. For a few students this may mean many disappointments which may create a desire for more determination to do a better job in the future. For others it means the pleasure of having attained many goals.

The goal of the faculty at Harrold Jr. High School has been to have every student reach as high a level of achievement as it was possible for them to attain.

It has been a real pleasure to work with the faculty and students of this school, and I know the students have gained a new insight in life with a determined effort to go on to higher goals.

I wish to commend the 9th grade for their many accomplishments during the year. Do not stop now but continue your educational training in the high school and if possible college.

We extend our best wishes for success and happiness in your future years.

Harrold Jr. High will live with you always.

Lloyd M. Allshouse

ENGLISH

It's pretty obvious why English is so important as a major subject. Why, if we didn't have English how could we communicate. It sure wouldn't be fun trying to make this yearbook in sign language.

But there are more phases of English than just speaking and writing. For instance, poetry, writing letters, discussions, debates, and other phases.

MR. ANTONACCI

MR. ARTHURS

MRS. ALBERT

MR. JODON

MR. MYERS

GEOGRAPHY

These are our geography teachers. They teach us about lands and the people of these lands. We live so close to these people yet we know so little about them. With more knowledge of our neighbor we will have a more peaceful world. It is these teachers that will help us.

MR. UROZIK

MR. WEISNER

SCIENCE

Science is one of our most important subjects. In these days of space exploration and rockets and satellites, most people associate science completely with space. But science has other meanings, too. Without science it is doubtful that we would have such a long, easy, healthful and protective life. Only when we sit down and think of its other meanings can we truly appreciate this subject.

MR. YOUNT

MR. HARVEY

PHYSICAL EDUCATION

Physical Education, although not as important as some other subjects, is essential to us. We must not only improve ourselves mentally at school, but physically as well.

MR. MILLER

MISS TROGOLO

MR. SHAFFER

SOCIAL STUDIES

Social Studies is one of our major subjects. In this class we study not only about our nations history and government but those of other countries.

MR. MANSOUR

Mr. Mansour

MR. STEWART

MR. NOVAK

MR. MUSICK

MISS EHRLER

*Best wishes, Carole
T. Ehrler*

MATHEMATICS

Math is a very important subject. Many of us will use this knowledge of Math in the future when it will be of great use to us.

This also includes Algebra although it is not called Math.

*Señorita Booth, Buena
Fortuna
MISS CAMPBELL
Señorita Campbell*

MRS. KENT

Nancy Kent

MR. FAULK

MRS. HIXSON

MUSIC & ART

These are two of our minor subjects. Although we do not meet in them every day, they greatly improve our knowledge of these finer arts. Our school also gives instrument lessons for those who want them

SPECIAL EDUCATION

Many worthwhile projects are made by Mrs. Hixson's class. The school certainly appreciates this. Some of these projects have been placed in the cafeteria.

MRS. WUENSCHEL

MR. WEISNER

Librarian — Mrs. Weisner is the librarian who runs our attractive and well-equipped library. The books we read from the library are selected by her. She also helps our students when trying to find a good book or doing reference work.

MR. GEORGE

Guidance Counselor — Mrs. George is our Guidance Counselor. He talks our problems over with us and gives us a better outlook at our situations. He also helps us with our plans in the future, concerning high school and college.

MISS FENTON

Home Economics Teachers — Miss Fenton and Mrs. Davis instruct all the girls on sewing, cooking, and keeping house. This instruction will help the girls in the future lives.

MRS. DAVIS

MR. DONNINI

Industrial Arts Teacher — Mr. Donnini and Mr. Lavelly instruct the boys how to use the different machines in the shop. One half of the year is devoted to both the shop and the planning room.

MR. LAVELLY

MISS STEPHENSON

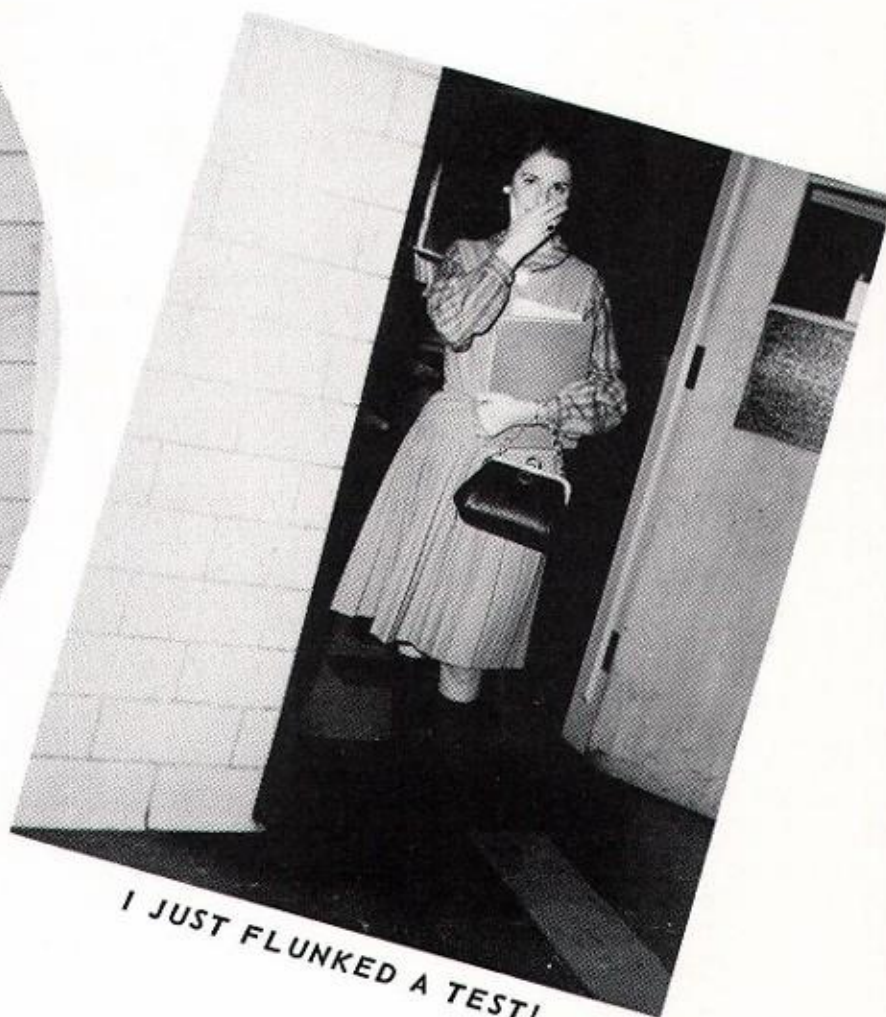

Reading Teachers — Mrs. Wells and Miss Stephenson are the two reading teachers. They instruct us on how to improve our vocabulary, comprehension, speed and accuracy in the material we read. Reading was recently added to the courses of our school and has helped us all in all the other subjects.

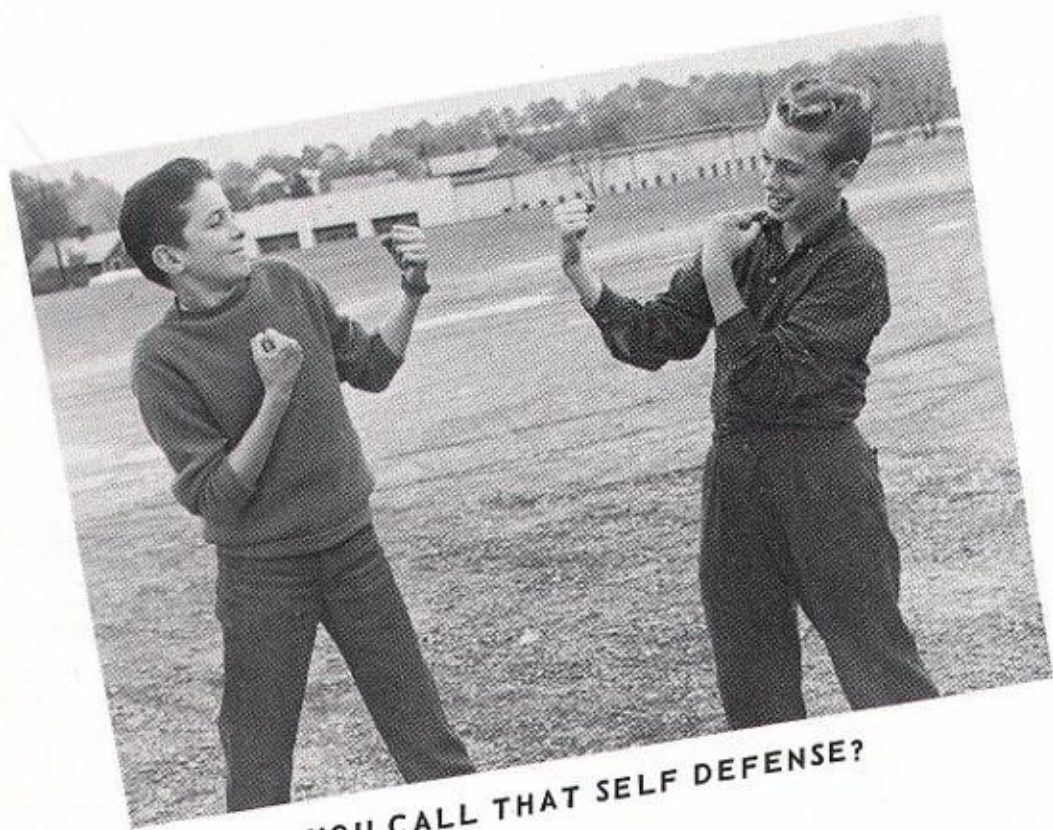

MRS. WELLS

The ninth grade class would like to thank the entire student body, faculty, and advisors for making our last year at Harrold Jr. High School, a most memorable one. We will never forget Harrold as we leave healthy, happy, and so much wiser. To our under-classmen, taking our places in the halls and classrooms, we leave our best for the future of our school. Harrold Jr. High School will remain in our memories forever.

A large number of the students are entered on the honor and high honor roll each time. This year the grading system is different. We now, take our report cards around to the teachers, for them to grade. We also have a separate space for the citizenship mark. This year we have a chance for the National Jr. Honor Society, and for the second year, a chance to make it for hall-guards. But throughout the entire year we have had a good time and look forward to next year, and a more exciting time.

OUR FIRST YEAR AT HARROLD'S

It was our first day at Harrolds Junior High School and there were only a few of us not frightened by this large school with the tremendous halls, auditorium, and cafeteria. First thing after we entered the building we tried to find our home room. Here in this room we found a teacher we had never met before. We saw new faces, friendly but scared. Our home room teacher instructed us about changing classes and the different lunch periods. We wondered if we would ever find our way through this strange building. Soon the bell rang for us to go to our second period class. Our journey around the building the first day gave us an acquaintance with the school lives for the next six years.

Day by day we became accustomed to all the differences between elementary school and Jr. High School. After we became adjusted the wonderful clubs were opened for membership. There were so many clubs to choose from but we only had four periods a week that could be used for clubs. We made wonderful choices and we found that we were going to have a wonderful time.

Mr. Harvey had called for boys who wanted to try out for football and we all wanted to make the team. We knew only a few of us would make the team, but we still tried out. The next day, we were a bundle of aches and pains, but the boys who had made it were so happy they couldn't feel a thing. Soon after, the girls were trying to qualify for majorettes and banner carriers in the band. The ones who were chosen were as proud as peacocks. We soon started going to the assemblies. We saw many good acts in our assemblies and we had a wonderful time.

We had started to go to pep rallies to cheer our team on to victory and also going to the football games while seeing our team win four games while only losing one. Now that we were accustomed to changing classes and all the other different things about Junior High, time seemed to fly by. It seemed as though we had just come home from Thanksgiving Vacation that we were getting ready for our Christmas Vacation. Everyone was full of Christmas spirit the day before we went home, and the day was topped off by a wonderful Christmas program that was presented by the Glee Club, Orchestra, and Chorus.

It was now May and we were all looking forward to the School Picnic which was only a few days away. Although we had the Spring fever we still had to work hard to try to make the Honor Roll the last time for without it we could not receive an award. Finally the school picnic came around when the schools were closed and almost all of us went to Kennywood for the day. The next day we were glad school was not held for we were all tired.

Finally the day came when the Awards Assembly was held. We got certain awards for taking part in certain clubs and sports. Finally the awards for Scholarship were given out. How scared we were, when our names were called out to come up to the stage and receive our awards and also how proud we were to shake Mr. Allshouse's hand congratulating us. The rest of the day and the year we felt wonderful.

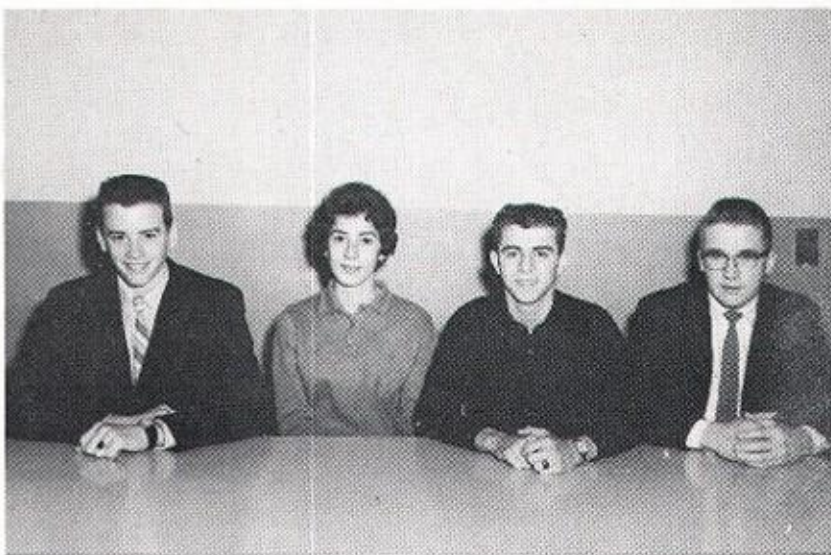

Very soon it was the last day of school and our vacation was a few hours away. Everyone was so happy when the dismissal bell rang.

This was the first year we were allowed to participate in Homeroom Basketball — This has been a wonderful year for us.

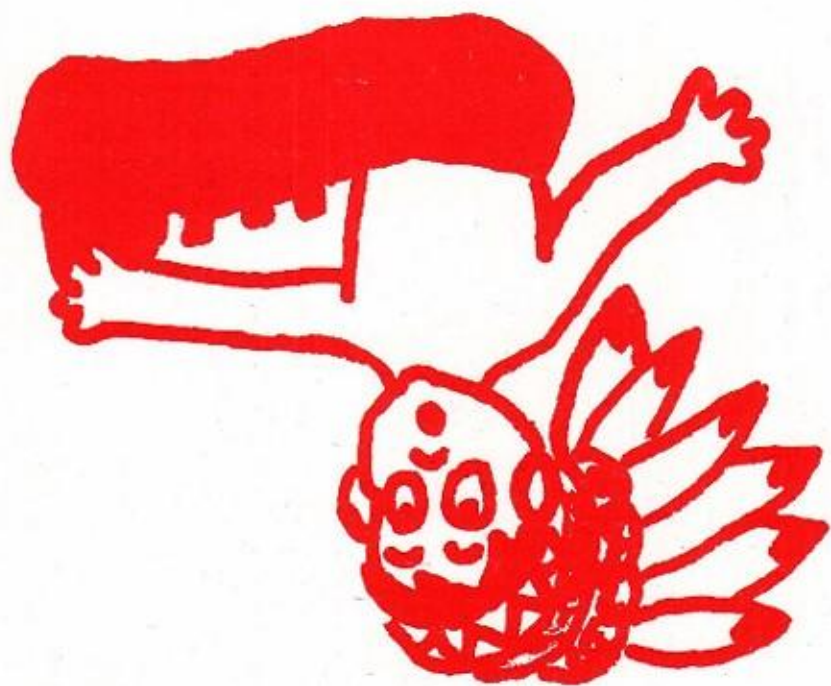

This was the second year that seventh grade has elected class officers. Our choices were: Carol Brown, President; Kathy Truxell, Vice-President; Joann Nelevanko, Secretary; and James Emmons, Treasurer. Any of our class will tell you that we made a wonderful choice.

We will soon start our second year at Harrold Jr. High and it is destined to be better than the first.

ACTIVITIES

YEAR

EDITORIAL STAFF

The members of the editorial staff are the one's who compose the yearbook. They spend many months doing sketches, taking pictures and writing copies. After this, it's typing and pasting. Finally come the finishing touches of a smart title and an eye-catching cover.

Editor
Lynn Erickson

Roger Brinker

BOOK

BUSINESS STAFF

It is the duty of the business staff members to sell the yearbook. They must also raise money to pay for it, which they do by having dances. This year, the yearbook staff sponsored three dances. It is also the responsibility of this staff to advertise the yearbook, by making announcements and by displaying posters which remind students to buy their yearbook.

MR. TAYLOR
ADVISOR

Business Manager

Sue Melville

Janie Walton

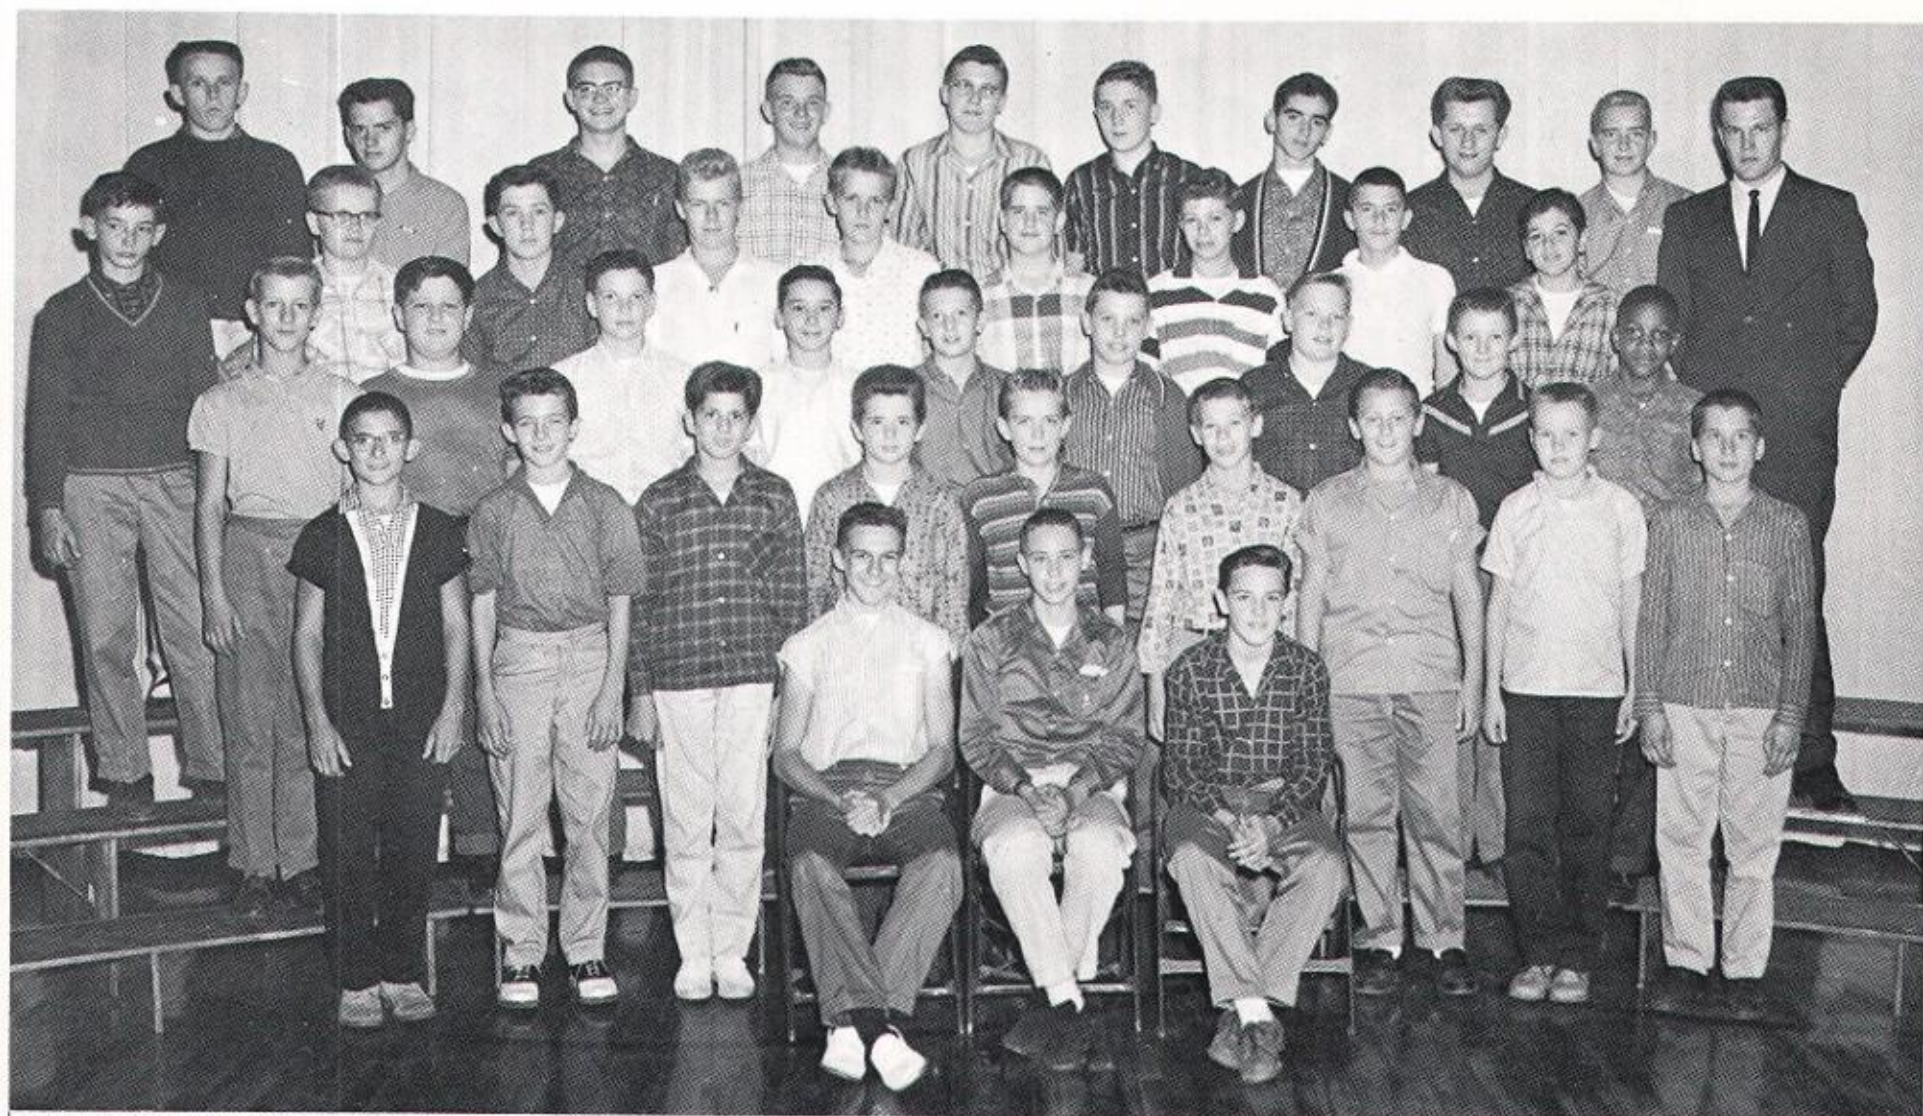

Linda Kelly

Judy Sidehammer

Connie Swjantek

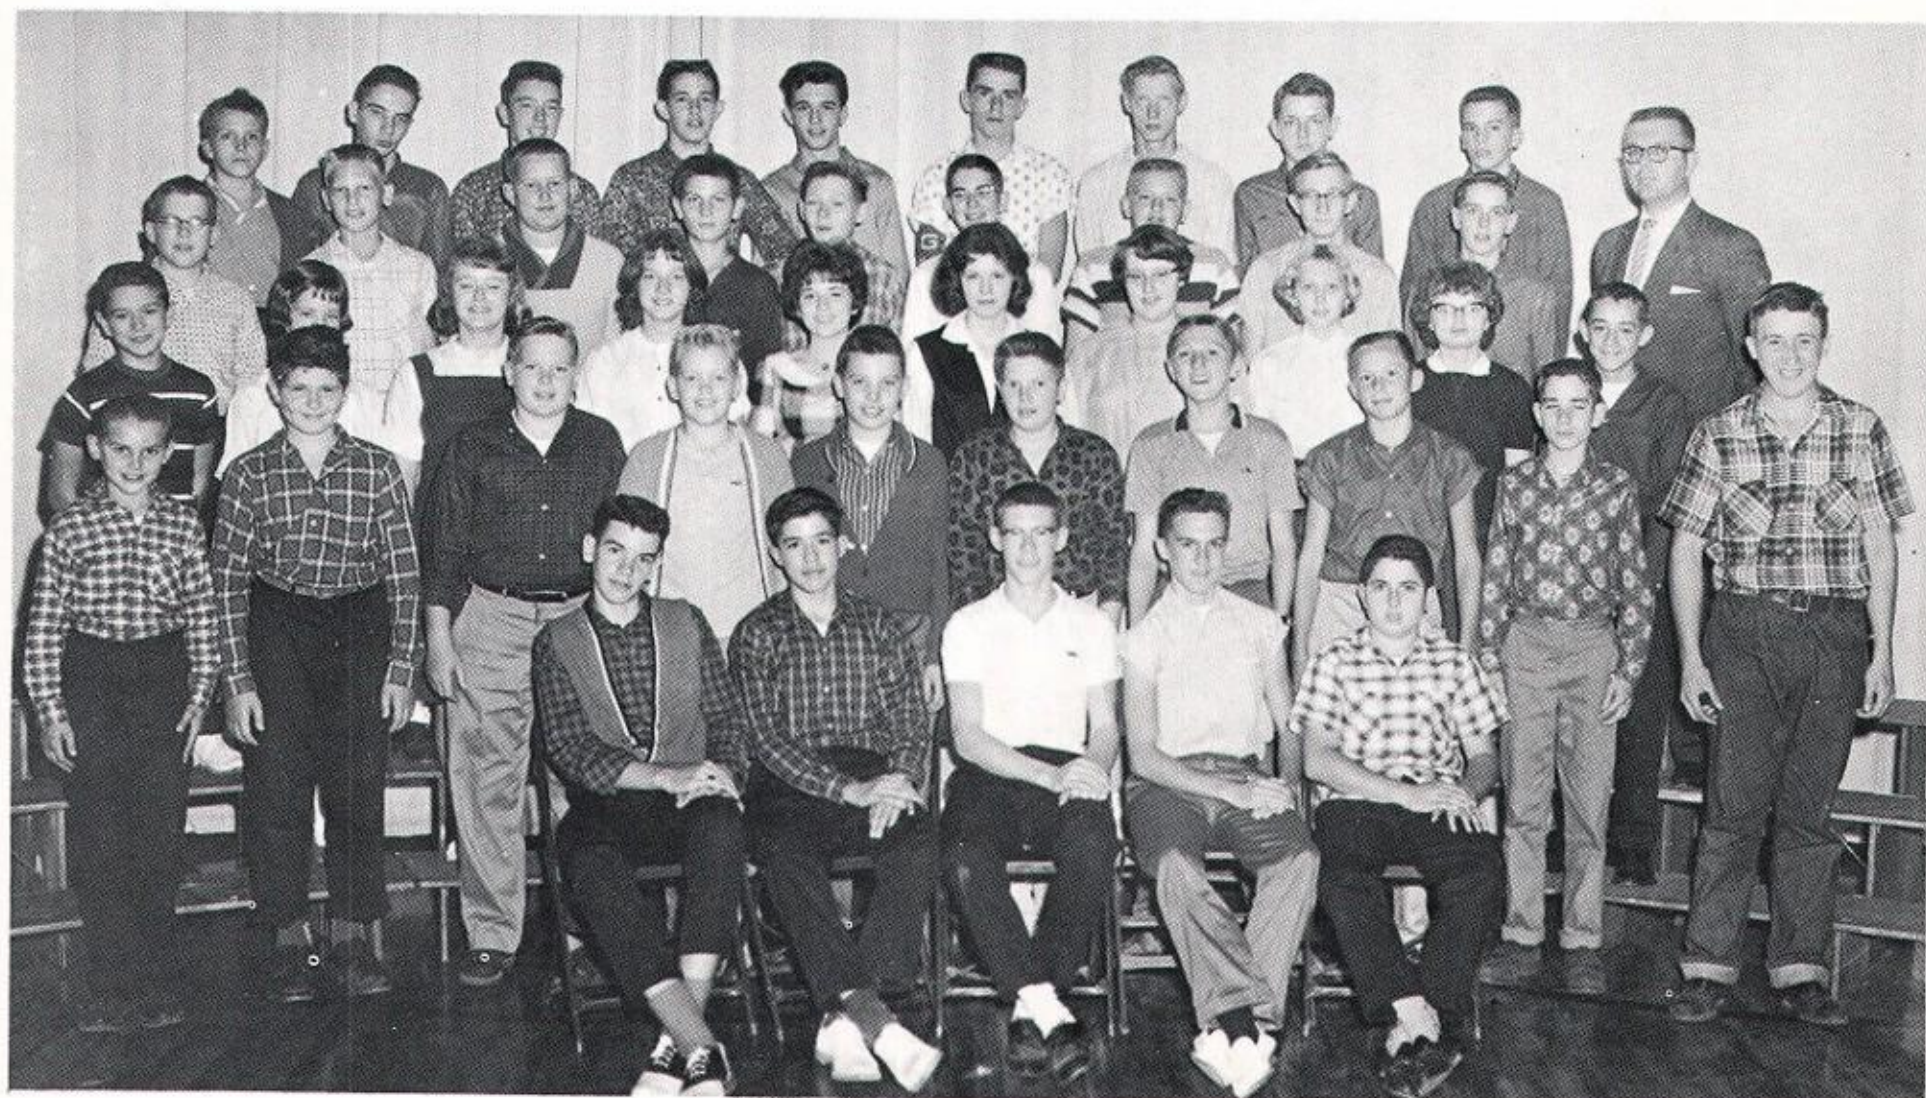

A group of boys showed an interest in this field, so the Aviation Club was established. They enjoy such things as building models and viewing films on aviation. Mr. Stewart is the sponsor of this club.

Aviation Club

Junior Historians

These boys and girls study the history of our local area. They take field trips to points of interest in the area. They contribute Pennsylvania History Books to the library. The historians had their dance on December 2, 1960. They use this money for projects and field trips. This club participates in county and district programs.

Sponsors, Mr. Lavelly, and Mr. Donnini — This club was started to teach girls the use of hand tools and machinery. The girls choose their own projects which include flower planters, wishing wells, dog lamps and letter holders.

Girl's Industrial Art Club

ART CLUB

Sponsor, Mrs. Wuenschell — The Art Club gives students a chance to do things they can't do in class such as arts and crafts. They also learn more about perspective, colors and settings, than is possible in class. This club is open only to students who receive A's in art.

CHORUS

The purpose for the chorus is to give students an opportunity to sing in harmony, good fellowship and to learn more about group work; to give service to the school and community. Robert Lynch is the director and sponsor.

BAND

Sponsor, Mr. Lynch — The purpose of the orchestra is to teach students more about instrumental work and to increase interest in the string instruments. The orchestra has been in the Christmas program, the Spring Musical and the Area Orchestra Festival.

ORCHESTRA

STAGE CREW

The stage crew sets up all stage material for our wonderful assemblies. They help when pictures are taken for our year-book. They also provide and operate records at our dances here at Harolds. These are the boys that are always there, but not often do we see them.

MATH CLUB

Miss Ehrler is the sponsor and directs the work of the Math Club. They are very busy. You can see this proof on the recent bulletin boards. The results are beautiful.

Future Homemakers of America

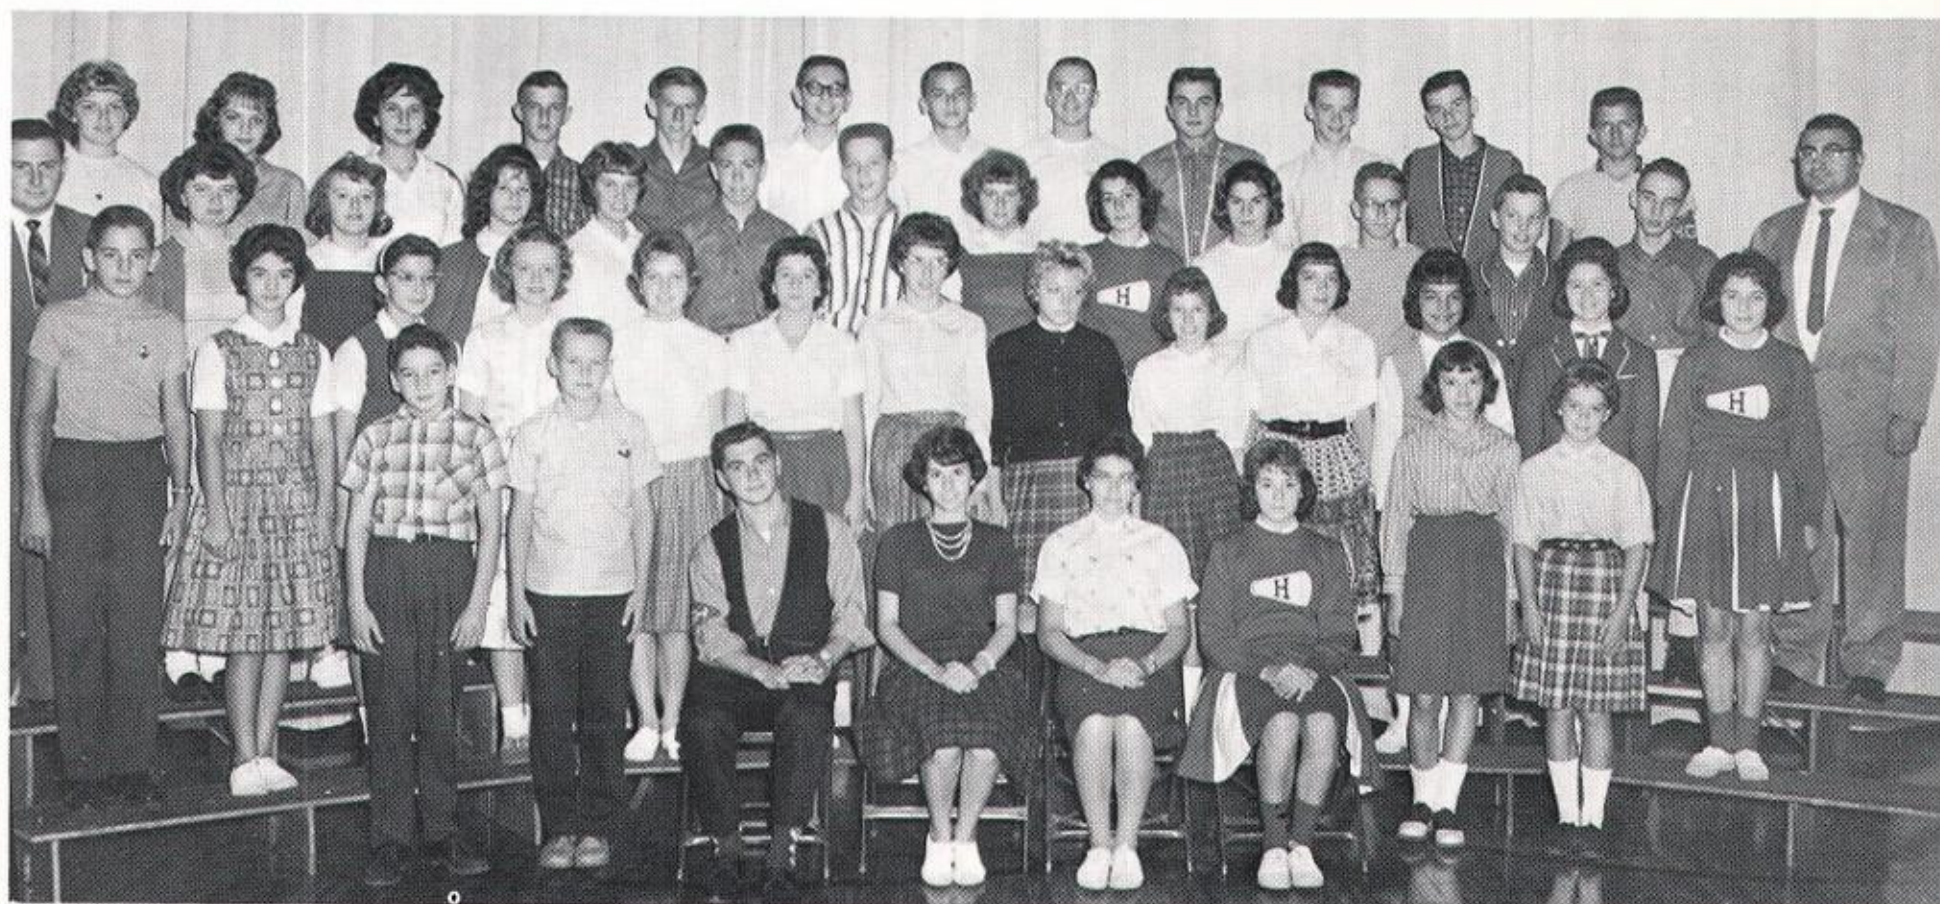

This group of girls work on advanced construction problems. Also they work on special projects such as making Christmas decorations, and planning a Christmas party for the faculty. They hope to have a dance at the end of the year. These girls have a wonderful time.

HARR-O-SCOPE

The newspaper provides the students with the experience of collecting and writing news. They organize the layout of the pages. They use a new operation of planning this year. They put their articles in place and then photograph them. They cover Harold's sports events and special events. They have a wonderful time working together to write it and we love to read about our school happenings.

STUDENT COUNCIL

The Student Council is our schools government. Members are elected by each Home Room. Three representatives are elected from 9th grade home rooms while 8th grade rooms have two and 7th grade rooms have one. Council officers are elected by the whole school. The president and vice-president attend the state student council convention every year accompanied by the sponsors. The officers and council work very hard to promote better citizenship and the welfare of the school. The council established the Honor Code and student handbook. These will be the leaders of tomorrow.

NATIONAL JUNIOR HONOR SOCIETY

The Honor Societies purpose is to promote scholarship, leadership, service, citizenship, and character. The Honor Society sells our Harrold Book Covers every year. They donate books to the library. Also they started the William C. Mosch Memorial Book Fund. They have a dance every year and hold initiation ceremonies in the Spring. It is always an honor to belong to this wonderful club.

The sponsor for the Camera Club is Mr. Taylor. The purpose is to learn to develop, print, and enlarge pictures in the dark room. One requirement is to have the use of a camera. They took a field trip and are having a dance with the Science Club.

CAMERA CLUB

SCIENCE CLUB

This clubs purpose is to provide the opportunity for individual work and experiments outside of class. Also it gives a student a chance to do something on his own. Every year they have a dance. Also they take a field-trip with the Camera Club. This club really makes science more interesting and more fun.

Mrs. Wiesner helps students in the library.

LIBRARY STAFF

CHESS CLUB

Sponsor, Mr. Arthurs — The Chess Clubs' purpose is to increase the student's interest and skill in the game of Chess. The club plans to attend chess tournaments so they may see how others play.

Sponsors, Mrs. Alberts, Miss Trogola — The club gives girls interested in athletics extra opportunities to participate in such sports as basketball and softball.

G. A. A.

NURSE'S CLUB

Sponsor, Mrs. Tempero — This club is made up of girls interested in Nursing as a career. The girls learn much about home nursing and first aid. This year the club toured Westmoreland Hospital.

Sponsor, Mr. Brisbane — It is the oldest organization in the school. Our hallguards control confusion in the halls, greet visitors, and take care of halls during study hall.

HALLGUARDS

BOY'S GLEE CLUB

The purpose for the Boys' Glee Club is to bring boys interested in singing together for harmony and fellowship; and to give service to the school and community. The director and sponsor is Robert Lynch.

VARSITY SQUAD

Just ask the boys on the varsity and they'll tell you it was a rough season. When they were behind, they never let their spirits get down. We just fought back until we won. From the standpoint of wins, it was a very successful season with a 4-1 record. Anybody will tell you the boys worked very hard.

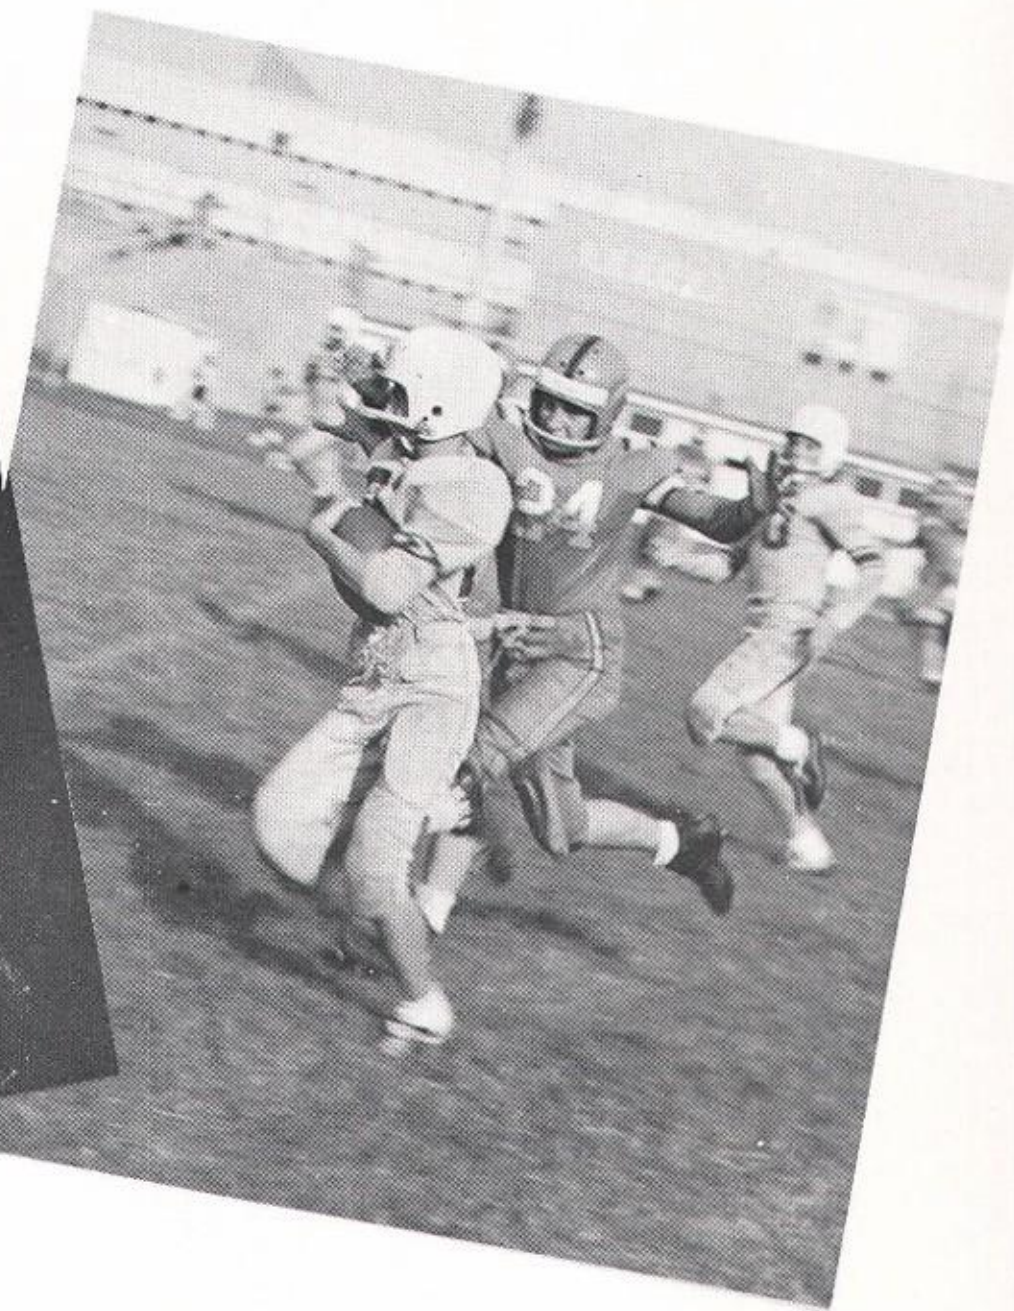

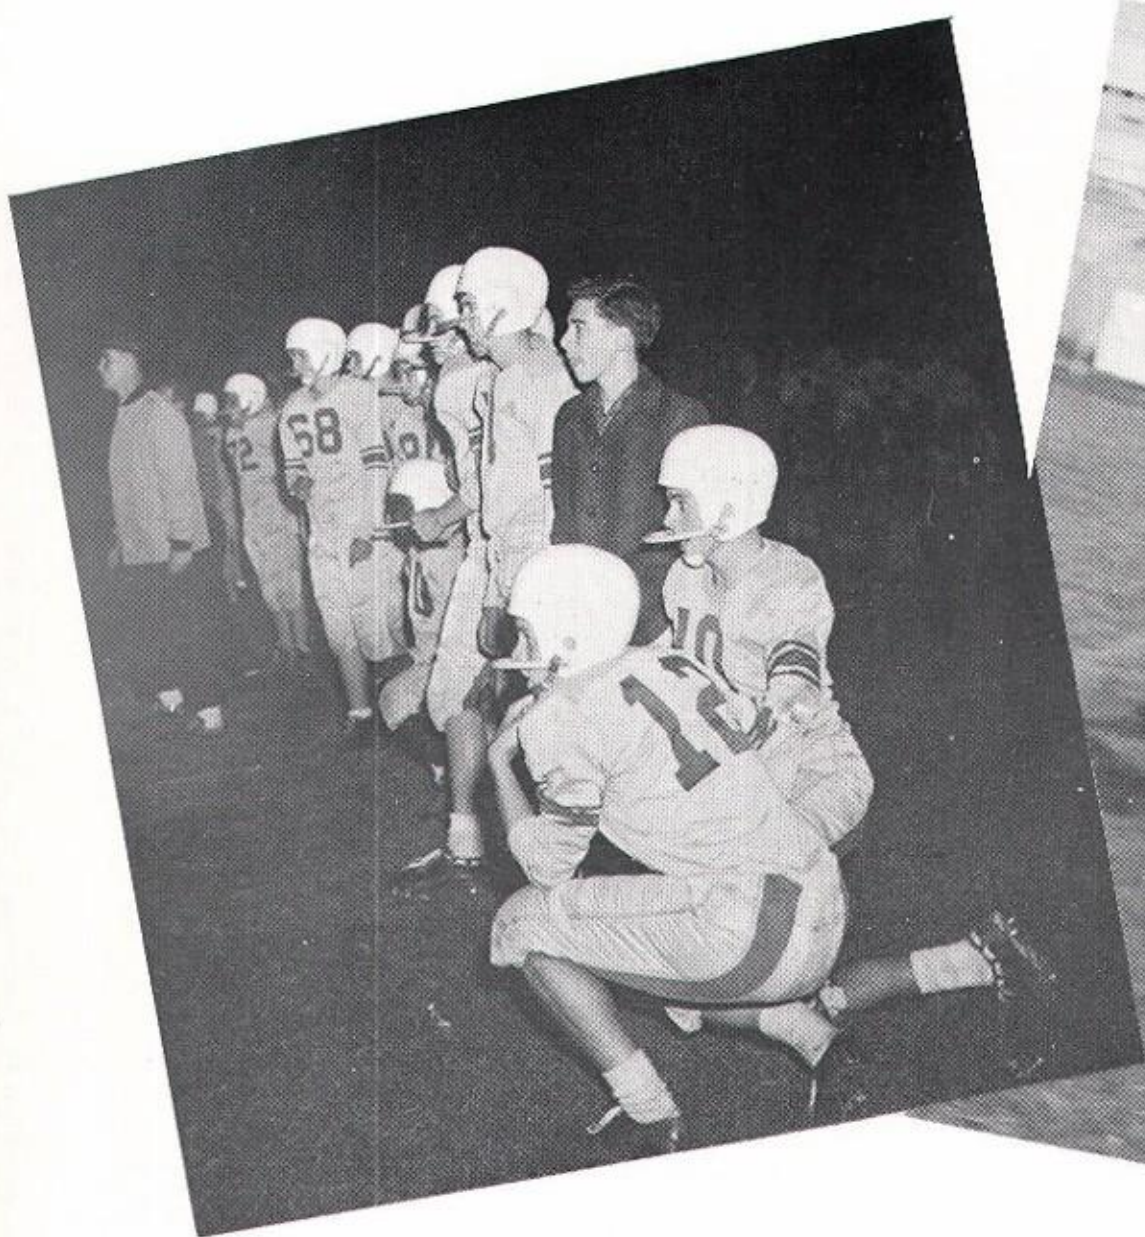

The purpose of the cheerleaders is to give our team spirit. They have sponsored a dance this year and hope to have another. They are planning to buy jackets. The cheerleaders are sponsored by Miss Trogolo.

CHEERLEADERS

JUNIOR VARSITY SQUAD

The 7th and 8th grade boys, not on the Varsity, tried out for the Jr. Varsity team. This was the big chance for the boys to gain experience. It was a season where they gained much experience. Next year they will be good players on the varsity.

Our football team provided plenty of thrills for everyone this year, winding up the season with a four and one record.

In the initial game, Harrold traveled to Sewickly where they had their troubles. The inexperienced chiefs scored eight touchdowns against the Bisons but saw six of these called back due to penalties. The defensive unit held well though and Harrold came home 14-0 victors.

The second game, with a well balanced Norwin team provided much excitement for all concerned. In the first half the Chiefs were out-played by the little Knights and trailed by a 6-0 margin at half-time. The spirited Harrold team came back to completely dominate the second-half and the Chiefs came off the field, 12-6 victors.

In the third game, with Latrobe, the strong Harrold team downed the visitors by a 20-0 score. In the first half, Harrold scored everytime they gained possession of the ball. In the second half, the complete team was used against Latrobe, with neither team threatening a score.

Harrold suffered their first and only defeat the following week when they traveled to Penn Joint for their fourth game. Early in the game Penn Joint scored a safety to take a 2-0 lead.

There was little action until late in the game when Penn Twp. scored on an intercepted Harrold pass for the only touchdown of the game. The Chiefs could do little against the strong Penn defense and Harrold went down fighting, 9-0.

The Harrold, Youngwood game was a thriller. Youngwood took an early 6-0 lead. This lead held until the second-half kickoff when Harrold immediately scored to tie the game. Harrold scored again to take a 12-6 lead. There was little action until with 17 seconds left in the game, Youngwood scored again to go ahead 13-12. Things looked bad for the Chiefs, but a 60 yard touchdown pass with 8 seconds left gave Harrold the win, 18-13.

Mike DuBois

BASKETBALL

Our basketball team had a somewhat disappointing season this year. The chiefs dropped their first eight league contests before defeating Manor 43-21. Both of Harrolds victories were over arch-rivals Manor and Youngwood. These victories came while the contests were being played before the Harrold student body. The students moral support was a deciding factor in both of these games.
